## Family Connexions

### Counselling Walk-In Clinic

The Counselling Walk-In Clinic (CWIC) provides access to no-fee confidential therapy services for children and youth ages 0 to 18 years and their families. You will meet with trained therapists for immediate problem solving and helpful, supportive conversation. For many, a single session is enough but the clinic may be used more than once if needed.

The reasons to visit the CWIC may be new issues or difficulties that have been present for a longer period of time.

### Who Can Attend?

No referrals or appointments are necessary. We encourage the entire family or all those living in the home to attend the session. Any youth, 12 years or older can attend on their own and receive service.

**Quick access to no-fee confidential  
therapy services for children and youth  
0 to 18 years and their families.**
